Standard of Practice Public Comment Update

We Need Your Voice!

ASHI's Standards of Practice (SoP) are vital to ensuring that every inspection by our members is thorough, consistent, and transparent. These guidelines build trust with clients, enhance professional credibility, and protect us from legal disputes. Upholding them is key to maintaining the quality of our services and fostering consumer confidence.

The second public comment period is now open, and your feedback is crucial. **Please send your questions or comments about the proposed SoP changes to standards@ashi.org by December 5th.**

Join us for a Virtual Town Hall on Thursday, December 5th at 7:00 PM ET / 6:00 PM CT to discuss the updates.
